

# Granny Unit Guys – Garage Series plans

## Plan Details

**1br/1ba**

**690sq.ft.**

This design will house two vehicles in the family fleet and includes a comfortable second unit--great for family members or tenants. Rustic country accents enhance the siding-and-stone exterior. This superb design includes a spacious floor plan with a bay window in the living room and skylit kitchen. Adding to the charm of this lovely one-bedroom design are the covered porch and central fireplace. The garage occupies the left half of this design and includes a separate outdoor entrance.
